Bombilla Gourd® maté tea™

Maté has a lot of merits, and we're eager to educate! An independent study showed that our maté boasts 90% more antioxidants than green tea—so look out for upcoming press on its polyphenol benefits. Plus maté offers a sustained energy boost from not only caffeine but theobromine and theophylline, the relaxing stimulants found in tea and dark chocolate. There's also 24 vitamins and minerals and 15 amino acids.

For centuries in South America, the leaves of this subtropical evergreen have been brewed in a "gourd" and passed between friends, who drink the tea through a straw or "bombilla" (hence our name).

Bombilla & Gourd® uses Pure-Leaf yerba maté from a sustainable 4-generation family farm in northeastern Argentina supplied by EcoTeas™, a member of the Fair Trade Federation. Visit EcoTeas™ at www.YerbaMate.com.
